## WORLD MINING

APRIL 1983 ,		Glossary of Computer terms	58
		Systems and hard ware	60
Conveyors Find Their Place	35	JUNE 1983	
Don Pazour		Peruvian Improve Selectivity	36
Trucks : a wide Range of Opinion	38	Beatrix Gold Mine, South Africa	44
The History and Future of Rail Haulage	41	John Chadwlck	
In-pit Crushing	46	Carbon - in - Leach Versus Carbon - in - pulp	48
Improving Belt Life	48	High-Speed Raise Boring	52
Francis Paul		J.T. Humphreys	
Computer - based Truck Dispatching	53	Computerized klruna	56
Michael Arnold and James White		John Chadwlck	
MAY 1983		China Mines Investment and Marketing Seminar	62
Process Control In the mining industry	33	George Argall	
Stephen Bruno			
On - Stream analysis	44		
Harrison Cooper			

## MINING MAGAZINE

APRIL 1983		MAY 1983	
Copper Rand and Portage Mines	274	New Zealand : Ironsand to Steel	346
Sinking and raising machines	283	Drilling Rods	357
Mining in Angola	293	Computer Applications in Mining	365
Preptec 83	305	Minings Ancient History	371
A look at some of the egulpment on show at the Coal Preparation Plant Symposium and Exhibition taking place This month at Stonelelgh, Warwickshire, England.		JUNE 1983	
Project Engineers	313	Progress at Seiby : 1 — Overall Prolect Concept : The Wistow mine	416

2 — North and South Drift Conveyor installation	425	A brief Preview of the international Conference on Mines Transport and its associated Exhibition taking place this month in England.	
3 — Gascoigne Wood surface facilities, phases 1 and 2 are commissioned	433	Face Supports	443
ABMEC'83	439	Conveyor Belt Noise	449
		Energy Regeneration	456

## MINING ENGINEERING

APRIL 1983

Injury Incidence in U.S. Underground Coal Mines	310
<b>Richard G. Ames, Robert B. Reger and Robert W. Wheeler</b>	

Underground Coal Mining in Western Canada	313
<b>David M. Parkes and Mike Fisher</b>	

USBM Designs In - Pit Movable Crusher Based on - Mine Personal Survey	317
<b>Era! M. FrizzeH and Ronald W. Uttey</b>	

Cost of in - pit Crushing	319
<b>Calvert D. lies</b>	

Engineering Fundamentals Series : Information for Exploration and Development Planning	322
<b>Michael Chender</b>	

Development of the Screen Bowl Centrifuge for Dewatering Coat Fines	333
<b>N.D. Pollcow and J.S. Orphanos</b>	

Atmospheric Fogging in Underground Mine Airways	336
<b>A.D.S. Gillies and M.A. Schimmelpfennig</b>	

Copper and its Byproducts	343
<b>M. Lonoff</b>	

New Chlorite Mine in an old Montana Gold District	347
<b>R. B. Berg</b>	

Mine Scheduling Optimization with Mixed Integer Programming	351
<b>M. E. Berg</b>	

Beneficial Results Obtained Applying a zinc Regrind at the Magmont Concentrator	354
<b>A. A. Schweizer</b>	

MAY 1983

Exploration : Precious Metals Capture 1982 Exploration Budgets	413
--	-----

Mining Industry Hits Bottom, Then Begging Long Climb Out of Recession	439
---	-----

Minerals Processing : Research work goes on, waiting for industry Recovery	455
--	-----

Coal : One of the Few Bright Spots Amidst the Mining Gloom	470
--	-----

Slumping Economy Dampens Industrial Mineral Activity	484
--	-----

JUNE 1983

Engineering Fundamentals Series : Using Conveyors to Cut Costs	589
<b>Andrew N, Peterson</b>	

Looking Back at Mining : 1942 -1946	592
<b>R. G. Zellers</b>	

Current Concepts in Coal Export Terminal Design - Part 1	596
<b>Robert UN. Cam and Dan Vincent</b>	

Financial Evaluation of Mining Projects : Is «Common practice» Enough? Lynton B. Manssen	601	guration on Ball Mill Performance R. E. McIvor	617
AIME President Discusses Institute Transition and Future Role Edward E. Runyan	607	Gaudin Lecture : Iron ore Flotation, Theory and Practice <b>I. Iwasaki</b>	
1983 Jackling Lecture : Exploration - The Diversification and Development of a Mining Company R. D. Mollison	613	Analysis of Surface Coal Mine Spoil Bulk Density L.B. Phelps, W.B. Wells. Jr., and L.W. Saperstein	631
Effects of Speed and Liner Confi-		Quebrada Blanca, Chile : An Enriched Porphyry Copper Deposit J.P. Hunt, J.A. Bati, and J.C. Marguardt L.	636

## Industrial minerals

### APRIL 1983

Fertilisers - current lull masks long term optimism	27
Rand London andalusite is mining again	45
Beestekraal Hmestone - planning for rehabilitation	49
Guinea diamonds - first stage finance settled	53
Soda ash - changing perspective	55
United Kingdom industrial mineral statistics	59
Freights - aJittie better	63

### MAY 1983

Annual Report Highlights	13
North American salt and chloroikalis	21
Chromlte deposits in the province of Kerman, Iran	35
Italian refractories industry in 1£82	45
Extractive industry geology report	51
Gel ls and colloids - a summary of the French Clays Group meeting in Paris	55
Freights - capacity swells as Japan builds	57
